

A04-0072 10-23-02

Application Form

International Paper - Georgetown Mill

Name of facility*

International Paper

Name of parent company (if any)

700 South Kaminski Street

Street address

Street address (continued)

Georgetown, SC 29440

City/State/Zip code

Give us information about your contact person for the National Environmental Performance Track Program.

Name Mr./Mrs./Ms./Dr. Allyson Bristow

Title Environmental Manager

Phone 843-545-291

Fax 843-545-2480

E-mail allyson.bristow@ipaper.com

Facility/Company Website www.internationalpaper.com

* If you are applying for multiple facilities, you must call 1-888-339-PTRK(7875)

Why do we need this information?

EPA needs background information on your facility to evaluate your application.

What do you need to do?

- ♦ Provide background information on your facility.
- ♦ Identify your environmental requirements.

Section A

Tell us about your facility.

1 What do you do or make at your facility?

International Paper's - Georgetown mill is a modern, technologically advanced pulp and paper production facility. The Mill originally built in 1937, manufactured the first paper in South Carolina. In January 1982, International Paper's board of directors voted to spend more than half a billion dollars to completely modernize the Mill. This conversion to the production of uncoated white papers and market pulp, while maintaining the production of bleached bristols, provided a mill capacity exceeding 600,000 tons per year. Today, the No. 1 machine produces bleached paper for envelopes. The No. 2 machine produces both white and manila heavyweight paper for tags, file folders, and index typically used for cards. The No. 3 machine produces bleached pulp used to make paper on other paper machines, the absorbent material in baby diapers, and other personal care products.

NAICS

322121 _____

2 List the North American Industrial Classification System (NAICS) codes that you use to classify business at your facility.

3 Does your company meet the Small Business Administration definition of a small business for your sector?

☐ Yes ☒ No

4 How many employees (full-time equivalents) currently work at your facility? If you checked "Yes" in question 3 and have fewer than 50 employees at your facility, then you are considered a "small facility" by the Performance Track Program.

☐ Fewer than 50

☐ 50-99

☐ 100-499

☒ 500-1,000

☐ More than 1,000

0032

06/30/03

- 5 Complete the Environmental Requirements Checklist on pages 32-38 of the instructions and enclose it with your application.

OMB No. 2010-

Expiration Date:

-
- 6 Optional: Is there anything else you would like to tell us about your facility? Do you participate in other voluntary programs at the local, tribal, State, or Federal level?

The South Carolina Environmental Excellence Program (SCEEP) was created to promote and recognize continuous environmental improvement through pollution prevention. The Georgetown mill was accepted for a two year membership into this program in October, 1998. Our facility was reapproved for continuing membership in November 2000. The SCEEP is similar to EPA's "Environmental Leadership Program" and is designed to encourage companies to become environmental leaders in their state. The SCEEP accepts facilities that have demonstrated a commitment to improving the environment by adopting pollution prevention, energy and other resource conservation measures, and indicates a commitment to continuous environmental improvement. The committee that reviews and determines acceptance includes representatives from SCDHEC, the State Energy Office, the State Chamber of Commerce Environmental Technical Committee, League of Woman Voters, Sierra Club and industry. Membership benefits include participation on an Environmental Excellence Council with state agency officials, the use of the Environmental Excellence logo, and public recognition for our achievements.

Why do we need this information?

Facilities need to have an operating Environmental Management System (EMS) that meets certain requirements.

What do you need to do?

- ♦ Confirm that your EMS meets the Performance Track requirements.
- ♦ Tell us if you have completed a self-assessment or have had a third-party assessment of your EMS.

Section B

Tell us about your EMS.

Read the EMS requirements on page 9-12 of instructions.

Tell us if your EMS meets these requirements for:

- | | | |
|--|---|-----------------------------|
| 1 Environmental policy _____ | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 2 Planning _____ | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 3 Implementing and operation _____ | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 4 Checking and corrective action _____ | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 5 Management review _____ | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 6 Have you done a comprehensive review of all activities conducted at your facility that could impact the environment? (i.e., have you done an aspect analysis?) | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 7 Have you classified your aspects based on their potential harm to the environment, on community concerns, and/or on other objective factors? (i.e., have you determined your significant aspects?) | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 8 When did you last update your aspect analysis? (mo/yr) | Update in process. Complete by 9/30/02 | |
| 9 Have you completed at least one EMS cycle (plan-do-check-act)? | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 10 Did this cycle include both an EMS and a compliance audit? | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| 11 Have you completed an objective self-assessment or third-party assessment of your EMS? | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |

Expiration Date:

If yes, what method of EMS assessment did you use?

Self-assessment

Third-party assessment

☐ GEMI

☐ ISO 14001 Certification

☐ CEMP

☐ Other

☒ Other Corporate Audit-
2000

Why do we need this information?

Facilities need to show that they are committed to improving their environmental performance. This means that you can describe past achievements and will make future commitments.

What do you need to do?

Refer to the Environmental Performance Table in the instructions to answer questions 1 and 2.

Section C

Tell us about your past achievements and future commitments.

Part 1 You must report past achievements for at least two environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the instructions.

Please quantify each of your aspects using the units listed for that aspect in the Environmental PTrack Information Hotline at 1-888-339-PTRK.

Note to small facilities: If you are a small facility, you must report past achievements for only one environmental aspect.

First achievement

1 What aspect have you selected from the Table on page 29-31?	Materials Utilization (fiber) measured as losses	
2 What units are you using to quantify this aspect? (See Table, page 29-31.)	tons per year	
	PAST	CURRENT
3 List the past annual quantity of the aspect (from two years ago) and the current annual quantity of the aspect (from the most recent year for which you have data).	5014	4526
4 What are the years for which you are reporting these quantities?	1999	2001
5 Estimate your past normalizing factor (Page 18 of the Instructions will help you calculate this.)	1.0	1.0
6 What is your normalizing factor based on (e.g., production, employment)?	Production	

7 You reported an improvement in the quantity of the aspect in Question 3. How did you achieve this improvement?	Instituted a fiber loss reduction and tracking program. Initiated a periodic maintenance program for fiber screening and cleaning equipment and raised fiber value awareness and accountability of paper machine and pulp mill personnel.
--	---

Second achievement

1 What aspect have you selected from the Table on page 29-31?	Total Materials Use (soda utilization measured as losses))	
2 What units are you using to quantify this aspect? (See Table, page 29-31.)	Pounds	
	PAST	CURRENT
3 List the past annual quantity of the aspect (from two years ago) and the current annual quantity of the aspect (from the most recent year for which you have data).	66,550,000 pounds	59,070,000 pounds
4 What are the years for which you are reporting these quantities?	2000 - This year is listed since loss reduction program was instituted in 2000 and previous years data was not available in sufficient detail.	2001
5 Estimate your past normalizing factor (Page 18 of the Instructions will help you calculate this.)	1.0	1.0
6 What is your normalizing factor based on (e.g., production, employment)?	Production	
7 You reported an improvement in the quantity of the aspect in Question 3. How did you achieve this improvement?	Instituted a spill prevention, control and retention system to minimize losses of all pulping chemicals to the sewer in order to maximize chemical retention in the process and minimize discharges to our waste treatment system.	

Part 2 You must make future commitments for at least four environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the Instructions. The aspects you select for your future commitments should be related to the objectives and targets in your EMS. Where possible, they also should be identified as having a significant environmental impact in your EMS. No more than two of your aspects can be from the same environmental category. If you're not sure how your objectives and targets fit into our aspects or whether your aspects are significant, call the PTrack Information Hotline at 1-888-339-PTRK.

Once you have chosen your four environmental aspects, then fill in all the necessary information for these aspects in the tables on pages 7-10 of this form. Please quantify each of your aspects using the units listed for that aspect in the Environmental Performance Table. Each table that you must fill in corresponds to one of the environmental aspects you have chosen.

We will assume that your performance commitments are based on a constant production or employment level. If you would like to base your commitment on changing production or employment, please fill out optional questions 6a and 6b.

0032

OMB No. 2010-

06/30/03

Expiration Date:

Note to small facilities: If you are a small facility, you must report future commitments for only two environmental aspects.

Section C, continued*Expiration Date:***First commitment**

1	What aspect have you selected from the Table on pages 29-31?	Recycled/reused materials use	
2	What units are you using to quantify this aspect?	Tons per Year	
3a	Is this aspect considered significant in your EMS?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
3b	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	7000	9000
5	What are the years for which you are reporting these quantities?	2001	2004
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	1.0
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?	Utilization of post consumer waste paper.	
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Install a storage and delivery system to supply pulp derived from post consumer waste paper to our paper machines.	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.		

Section C, continued

Expiration Date:

Second commitment

1	What aspect have you selected from the Table on pages 29-31?	Total Solid Waste	
2	What units are you using to quantify this aspect?	Tons per year	
3a	Is this aspect considered significant in your EMS?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
3b	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	20,000 tons	15,600 tons
5	What are the years for which you are reporting these quantities?	2001	2004
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	1.0
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?	Production	
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Beneficial reuse of solid waste materials such as ash, green liquor dregs and grit which in the past have been disposed of in our on site landfill.	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.		

Field Code Changed

Section C, continued*Expiration Date:***Third commitment**

1	What aspect have you selected from the Table on pages 29-31?	Recycle Reused Materials Use - Tire Derived Fuel	
2	What units are you using to quantify this aspect?	Tons per Year	
3a	Is this aspect considered significant in your EMS?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
3b	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	0.0	40,000 Tons per year
5	What are the years for which you are reporting these quantities?	2001	2004
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	1.0
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?	Utilization of TDF	
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Utilization of Tire Derived Fuel (TDF) in our two solid fuel boilers	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.	Compliance with air emission requirements for the solid fuel boilers	

Fourth commitment

1	What aspect have you selected from the Table on pages 29-31?	BOD discharges to water	
2	What units are you using to quantify this aspect?	Pounds per Year	
3a	Is this aspect considered significant in your EMS?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
3b	If no, please explain why you believe this aspect should be included as a performance commitment.		
		CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	2,412,000 pounds per year	2,160,000 pounds per year
5	What are the years for which you are reporting these quantities?	2001	2004
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0	1.0
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?	Production	
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Control influent discharges to the treatment system through a paper and pulp mill spill prevention, retention and control system	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.	NPDES permit requirements-Proposed reduction is not required by SPDES or NPDES effluent limits. The spill control system will primarily focus on the paper machine area which is not covered by BMP regulations.	

Why do we need this information?

Facilities need to demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in place to identify community concerns, to communicate with the public, and to provide information on your environmental performance.

What do you need to do?

- ♦ Describe your approach to public outreach.
- ♦ List three references who are familiar with your facility.

Section D

Tell us about your public outreach and reporting.

1 How do you identify and respond to community concerns?

Through meetings scheduled every other month with our community advisory committee. See listing of committee members on page 12 item 5.

2 How do you inform community members of important matters that affect them?

Press releases, Community advisory committee meetings, plant tours offered every Friday by appointment to groups including schools, civic clubs and other individuals and organizations.

3 How will you make the Performance Track Annual Performance Report available to the public?

☐ Website www.to be developed

☐ Newspaper

☒ Open Houses

☐ Other

Providing information booths during various community events.

Section D, continued*Expiration Date:*

- 4 Are there any ongoing citizen suits against your facility? ☐ Yes ☒ No

If yes, describe briefly in the right-hand column.

- 5 List references below

	<i>Organization</i>	<i>Name</i>	<i>Phone number</i>
<i>Representative of a Community/ Citizen Group</i>	Community Advisory Committee	Carol Winans - League of Women Voters	843-546-6560
		Bishop John Smith - Clergyman	843-546-3562
		Johnnie Deas - Georgetown Police Department	843-545-4300
		Rhonda Detzler - Public Relations Georgetown Hospital	843-527-7120
		Ray Funnye - Director Georgetown County Public Works	843-545-3438
		Linda Mock - Murrells Inlet 2007	843-357-2007

Section E

Application and Participation Statement.

On behalf of Georgetown Mill
[my facility],

I certify that

I have read and agree to the terms and conditions for Application and Participation in the National Environmental Performance Track, as specified in the *National Environmental Performance Track Program Guide* and in the *Application Instructions*;

- I have personally examined and am familiar with the information contained in this Application, including the Environmental Requirements Checklist. The information contained in this Application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Performance Track EMS requirements, including systems to maintain compliance with all applicable Federal, State, tribal, and local environmental requirements in place at the facility, and the EMS will be maintained for the duration of the facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all Federal, State, tribal, and local environmental requirements, and the facility has corrected all identified instances of potential or actual noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any were necessary), my facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with applicable Federal, State, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Performance Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

Paperwork Reduction Act Notice

The public reporting and recordkeeping burden for this collection of information is estimated to average 40 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

The National Environmental Performance Track is a U.S. Environmental Protection Agency program. Please direct inquiries to 1-888-339-PTRK (7875) or e-mail ptrack@indecon.com.

To submit your application:

- 1) E-mail the completed application to ptrack@indecon.com,
and
- 2) Fax the completed and signed Section E (**not** the entire application) to
(617) 354-0463.

If you cannot e-mail the application, mail a hard copy of the entire completed application to:

The Performance Track Information Center
c/o Industrial Economics Incorporated
2067 Massachusetts Avenue
Cambridge, MA 02140

Environmental Requirements Checklist

Use the Environmental Requirements Checklist to answer Question 5 in *Section A, Tell us about your facility*. This Checklist will help you identify the *major* Federal, State, tribal, and local environmental requirements that apply at your facility, but it is not an exhaustive list of all environmental requirements that may be applicable at your facility.

Fill in your facility information below and enclose the completed Checklist with your application.
